

## **Cenovus announces cash tender offers for certain outstanding notes Tender offers demonstrate commitment to continued debt reduction**

**Calgary, Alberta (June 4, 2019)** – Cenovus Energy Inc. (TSX: CVE) (NYSE: CVE) announced today that it has commenced cash tender offers (the “Tender Offers”) for up to US\$500 million aggregate principal amount (the “Maximum Amount”) of its 4.450% Notes due 2042, 5.200% Notes due 2043, 3.000% Notes due 2022, 4.250% Notes due 2027, 5.250% Notes due 2037, 5.400% Notes due 2047 and 3.800% Notes due 2023 (collectively, the “Notes”). The Tender Offers are being made upon the terms and subject to the conditions set forth in the Offer to Purchase dated June 4, 2019 (as amended or supplemented from time to time, the “Offer to Purchase”) and related Letter of Transmittal (the “Letter of Transmittal”). The Tender Offers are open to all registered holders (individually, a “Holder” and collectively, the “Holders”) of the Notes.

The Tender Offers support Cenovus’s continued focus on deleveraging its balance sheet. Debt reduction continues to be a top priority for Cenovus in 2019 after funding its sustaining capital requirements and maintaining its current dividend level. As a result of the company’s recent strong operating and financial performance, Cenovus plans to use internally generated cash for these Tender Offers.

Notes validly tendered and not validly withdrawn at or prior to 5:00 p.m., New York City time, on June 17, 2019 (the “Early Tender Date”) will be eligible to receive the applicable Total Consideration (as defined in the Offer to Purchase), which includes the applicable Early Tender Payment (as defined in the Offer to Purchase). The applicable Total Consideration per US\$1,000 principal amount of the Notes will be an amount based on the yield to maturity of the U.S. Treasury reference securities specified in the table below (the “UST Reference Security”), as determined at 10:00 a.m., New York City time, on June 18, 2019 (unless otherwise extended as described in the Offer to Purchase), plus a fixed spread, calculated in accordance with the Offer to Purchase.

Notes validly tendered after the Early Tender Date but at or prior to 12:00 midnight, New York City time, at the end of the day on July 1, 2019 (the “Expiration Date”) will be eligible to receive the applicable tender offer consideration (the “Tender Offer Consideration”), which is the applicable Total Consideration minus the applicable Early Tender Payment specified in the table below.

In addition to the Total Consideration or Tender Offer Consideration, as applicable, Holders of Notes accepted for purchase will receive accrued and unpaid interest on those Notes from the last interest payment date with respect to those Notes to, but not including, the Early Settlement Date (as defined in the Offer to Purchase, and which may occur as early as June 19, 2019) or the Final Settlement Date (as defined in the Offer to Purchase, and which is expected to occur on July 3, 2019), as applicable.
